- [LinkedIn](#)

### EXPERIENCE

Intern | Flutter Developer  
Aug 2023 – Nov 2023  
Spike Point Infotech Private  
Limited

### PROJECTS

#### CSE Learning Hub

Our mission is to empower all learners of the computer science and information technology disciplines through our comprehensive platform. Our portal offers access to a wealth of valuable academic resources, guiding students on their educational journey. The repository contains previous years' papers and DE reports, procured from the esteemed halls of GTU. We appreciate the significance of these resources and aim to make them effortlessly accessible through our platform.

#### Grocery Application

Introducing the Next Generation of Grocery Shopping with Our Innovative App

Say hello to the future of grocery shopping with our cutting-edge Grocery App – an effortless and user-friendly solution that saves you time. Enjoy the convenience of seamless browsing, personalized recommendations, and easy ordering, all available at your fingertips.

#### Social Media Monitoring

Developing a Social Media Monitoring App for the Ahmedabad Police Cyber Crime Department

As part of my work, I created a Social Media Monitoring application for the Ahmedabad Police Cyber Crime Department. This application enables the storage of user profiles and data, which can be easily accessed when required. For my efforts, I was awarded by the Deputy Commissioner of Police, Cyber Crime Ahmedabad City with an Appreciation Letter.

#### ShopOn Application

Creating a Fashion E-commerce App During my internship, I developed an application called ShopOn, an app that functions as an e-commerce platform selling products such as jeans, pants, and other clothing items. I was responsible for creating the front-end design of the app based on the company's provided design guidelines.
